Request

We would like to have information on the following concerning People's Park -

- a) A break down of organisations and charities that have hired People Park for events in the last 3 years.
- b) A break down of the cost that each organisation/charity/event has been charged to hire the park.
- c) In the last 3 years, if there has been any registered damage to trees and/or the grass (leading to it having to be relayed/resowed) in the Peoples Park, if so what date this was recorded.
- d) Which department decides on the hire cost for People's Park.

Response

a) and b)

	£17,994.60

50% of this charge for Peoples Park, other 50% for lower park

50% of this charge for Peoples Park, other 50% for lower park

c) There has been occasional damage to twigs and smaller branches but not enough to cause concern or record as the parish annually lifts and cut back trees in the parks where it can; a few are very low so it is expected that twigs and branches will be affected occasionally. Following the Old Motoring Festival in July 2016 there was clear evidence of severe scorching in the area utilised by the White Helmets display team which required the area to be re-sown later that month, and following the Italian festival in May 2017 a small area of cooking oil was found to have been spilt over an area of grass which required the removal of soil and replacing with fresh soil and seed.

d) The hire charges are decided by the Connétable and the Director of Parks & Open Spaces and are approved by the Management Board
