Request

In October 2018, I asked for the following information:

- a) Which Parishes publish minutes of Roads Committees online?
- b) Where can these be found (for relevant Parishes)
- c) Are there any plans for all Parishes as part of eGov initiatives and transparency, to publish minutes of Roads Committees online?

Now it is over 7 years later, please could I have an updated response so I can see how matters are progressing where minutes were not online previously, and any idea when ones not online will be made available online.
